Personal Profile

I am a hardworking and ambitious individual who is looking for a career in Web Development. I have a particular interest in becoming a Front-End Developer, focusing mainly on JavaScript and using React framework. I am currently looking for an opportunity to start my career as a Junior Developer so I can further improve my skills and progress further in my career. I am very passionate about programming and I enjoy working with the latest technologies.

I am highly self-motivated to learn and very patient. I am also excellent at showing attention to detail. I am happy to work both independently and as part of a team. I am a proactive and enthusiastic person possessing great verbal communication, listening and writing skills. I am organised, eager to learn and accustomed to working under pressure and to strict deadlines. I enjoy problem-solving and have a “can do” attitude to any task or situation.

Coleg Gwent, September 2017 – 2019

- MMP - BTEC Level 3 IT Extended Diploma

Work Experience

Tesco Mobile Colleague, October 2018 – October 2020

I used to work in a phone shop as a Tesco Mobile colleague. I gained experience in giving excellent customer service when they were taking out a new contract by helping out with general problems and other queries that people had. I possess a good knowledge of IT and phones so I could solve almost any problem that customers might have, and I am also very willing and happy to help every customer.

Hobbies and Interests

I enjoy working with technology and I have a lot of experience with IT from in college, work and at home. I play electric guitar and I enjoy listening to rock music, mostly Led Zeppelin and Arctic Monkeys. I like keeping fit and I regularly workout and go jogging. I enjoy playing video games with my friends in my spare time and I really like watching comedy movies and TV shows.
